

# The 18<sup>th</sup> International Scientific and Practical Coiled Tubing, Hydraulic Fracturing and Well Intervention Conference

Novotel Moscow City Hotel, Moscow, Moscow Hall

The Event is supported by the Ministry of Energy of the Russian Federation

## CONFERENCE PROGRAM

### Thursday, November 9, 2017

**09.00–10.00** Registration of participants

**09.30–10.00** Coffee Reception

**10.00–10.15** Formal Opening of the Conference

**10.15–12.10** Session 1

**Russian market of coiled tubing. Present state and forecast till 2027.** Vadim Kravets, Head of Analytics Group, RPI Research & Consulting

**Application of inflatable reusable 2-packer systems for selective stimulation of wells (Hydraulic and acid fracs, cement squeeze, bottomhole treatments).** Kamil Karimov, Business Development Director, Packer Service, LLC

**Utilization of acid-proppant technology in carbonate deposits during hydraulic fracturing.** Maksim Fadeev, Deputy Head of CTR, TagraS-RemService, LLC

**Stimulation experience in multilateral horizontal wells with application of CT laterals entering system in carbonate reservoir.** Kseniya Starodubtseva, Technical Engineer, Well Intervention, Schlumberger

**Domestic systems for managing state-of-the-art oilfield equipment.** Roman Scherbin, Head of R&D department, FID Group

**On the character of corrosion processes and coiled tubing corrosion inhibitors.** L.F. Davletshina, K.V. Il'kov, The I.M. Gubkin RSU of Oil and Gas, REC "Oilfield chemistry"

**12.10–12.30** Coffee break

**12.30–14.20** Session 2

Sponsor of the Session is Novinka, CJSC

**New Method of Directional Drilling with Coiled Tubing – the Science and Economics.** Ron Clarke, Honorary Editor of Coiled Tubing Times

**State-of-the-art well intervention equipment used with coiled tubing units.** Atrushkevich Sergei, First Deputy Director – Chief designer Novinka CJSC

**High strength (140 ksi) coiled tubing sour service – SPE paper attached.** Andrew Carrion, Sales Engineer, NOV Completion & Production Solutions

General Sponsor of the Conference:

Official Sponsor of the Conference:

Sponsors of the Conference:

Partner of the Conference:

# The 18<sup>th</sup> International Scientific and Practical Coiled Tubing, Hydraulic Fracturing and Well Intervention Conference

## CONFERENCE PROGRAM

**New level of automation, safety and efficiency. Manufacturer's outlook.** Yury Belugin, Chief of Sales and Promotion Department, FIDMASH, CJSC

**Successful case studies for selective re-fracturing with SpotFrac technology.** Bairamov Alexey, Director for Business development, EWS

**Package Insurance for Oil and Gas Companies.** Ruslan Igilov, Vice-President for Fuel and Energy Complex Enterprises Interaction, SAK Energogarant, PJSC

 **14.20–15.00** Lunch

**15.00–16.50** Session 3

**CT application together with logging cable at Belarusneft.** Pavel Revyakov, 1st Grade Process Engineer, Innovation Technologies Development Department, BelNIPIneft, Belarusneft

**Welltec® robot systems for well intervention using logging cable.** Vsevolod Bugrov, Business Development Manager, WellTec Oilfield Services (RUS)

**ReelFrac Packer & ReelFrac Straddle selective stimulation technologies, WidePak selective isolation technology.** Sharipov Rafis, Coiled Tubing Country Product Line Manager, Weatherford

**Application of new CT manufacturing technology in field operations and new CT grade for improving the quality of operation in sour environment.** Timur Sabitov, Sales Manager, Tenaris

**Reducing Completion Costs with Channel Fracturing – Experience and the Way Forward.** Alexey Udin, Schlumberger

**CT requirements and quality control methods applied during new CT manufacturing line setup.** Ruslan Saldeev, Sales Director, EngelsSpecTrubMash, LLC

 **16.50–17.10** Coffee break

**17.10–18.50** Session 4

**Storage of coiled tubing strings – We (QT) are working on a long term project regarding the effects of storage on coiled tubing fatigue life.** Andrew Carrion, Sales Engineer, NOV Quality Tubing

**Expanding the lifetime of a production well by means of FracFilter combined multi-stage frac completion system application.** Eugene Pyatkov, Schlumberger

**Ejector well cleanout. Application experience.** Roman Sibgattulin, Lead Design Engineer, Novinka, CJSC

**CT application during multi-stage fracturing of horizontal wells.** Alexander Kazakov, Deputy Head, CT technologies development department, Bashneftegeophysics, JSC

# The 18<sup>th</sup> International Scientific and Practical Coiled Tubing, Hydraulic Fracturing and Well Intervention Conference

## CONFERENCE PROGRAM

**New developments (well intervention tools) of NPP RosTEKtechnologies, LLC.**

Yuri Shtakhov, Head of Well Intervention Tools Engineering Department,  
NPP RosTEKtechnologies, LLC

**Investment projects in Oil and Gas sector.** Ruslan Igilov, Head of Fuel and Energy Complex  
interaction, Technostroyleasing, LLC

**19.00–22.00**

Formal evening reception. **Intervention Technology Award** presentation

Rewarding of the best speakers of the first conference day

Presentation of Certificates to new members of ICoTA–Russia

Rewarding of the best authors of Coiled Tubing Times Journal 2017

**Friday, November 10, 2017**

**09.45–10.30** Coffee Reception

**10.30–12.00** Session 5

**Work intensification during multi-stage hydraulic fracturing using Premium Port technology.** Kseniya Starodubtseva, Technical Engineer, Well Intervention, Schlumberger

**New possibilities of acid treatment simulation.** I.V. Yazynina, E.V. Shelyago.

The I.M. Gubkin RSU of Oil and Gas, REC “Oilfield chemistry”

**Coiled Tubing Could be the Key to Major Reserves.** Martin Rylance, Global Sr. Advisor  
(Frac & Stim), BP Russia

**First Implementation of Diversion Stimulation Service with Multimodal Particles in Caspian Offshore Oilfield.** Michael Lobov, Schlumberger

**Coiled tubing failure modes.** Andrew Carrion, Sales Engineer, NOV Quality Tubing

**12.00–12.20** Coffee break

**12.20–13.45** Session 6

**Expandable string pads technology for lowering the cost of well repair operations.**

Nikita Vikulin, Schlumberger

**Chemicals for hydraulic fracturing. Developments of the I.M. Gubkin RSU of Oil and Gas.** Denis Malkin, Department Head, The I.M. Gubkin RSU of Oil and Gas, REC “Oilfield chemistry”

**High quality well service pumping equipment.** Matt Grohman, Senior Sales Engineer CS&P  
Technologies LP

# The 18<sup>th</sup> International Scientific and Practical Coiled Tubing, Hydraulic Fracturing and Well Intervention Conference

## CONFERENCE PROGRAM

**Developments of the I.M. Gubkin RSU of Oil and Gas in the field of acid treatments.**  
Vadim Tsygankov, Head of Laboratory, The I.M. Gubkin RSU of Oil and Gas, REC "Oilfield chemistry"

**Coiled Tubing Times Project is a Primary Media Partner of ICoTA-Russia.** Artem Gribov, Director of Strategic Development, Coiled Tubing Times Project

-  **13.45**      **Rewarding of the best speakers of the second conference day**
-  **13.55**      **Formal Conference Closing**
-  **14.05**      **Lunch**
- 16.00**      **Departure of participants**

Conference Program may be subject to change.

**Conference procedure:** The duration of report is 15 minutes. Additional 5 minutes are reserved for questions.

Working languages are either Russian or English. Simultaneous interpretation will be provided.

 Dear colleagues, you are kindly asked to switch off your cell phones or keep them in silent mode during technical sessions.

In order to put a question to a speaker, please raise your hand. Our assistant will come to you and bring the microphone.

Since the program of the Conference is highly topical and only 15 minutes are given for each speaker, you are kindly invited to ask only those questions that are directly connected with the given report. Individual questions can be asked during networking (informal meetings).

Please leave filled Coiled Tubing Times Journal Questionnaires at the reception desk (where you were given your badge) in the designated space.

Please leave filled Application Forms to join Russian Chapter of the Intervention and Coiled Tubing Association (ICoTA-Russia) at the reception desk (where you were given your badge) in the designated space.

All financial documents will be available for obtainment at the reception desk during coffee and lunch breaks.

Presentations allowed to be distributed will be available through the hyperlink that will be emailed to all the Conference participants. Do not forget to leave your business card or e-mail address at the reception desk (where you were given your badge) in the designated space!

Photo book of the Conference will be available through the hyperlink that will be emailed to all the Conference participants. Do not forget to leave your business card or e-mail address at the reception desk (where you were given your badge) in the designated space!

A detailed report about the Conference will be published in Issue 62 of Coiled Tubing Times.

Abstracts of the main reports made during the Conference will be published in Issue 62 and Issue 63 of Coiled Tubing Times.

Please keep your badge with you to get full access to all the Conference events.

The Organizers decline any responsibility for the safety of valuables left unattended in the Conference hall.
