

15th International Scientific and Practical Coiled Tubing, Hydraulic Fracturing and Well Intervention Conference

Aerostar Hotel, Moscow, Russia, October 29–31, 2014

Supported by the Ministry of Energy of the Russian Federation

EVENTS PROGRAMME

October 30, 2014, Thursday

Coiled Tubing, Hydraulic Fracturing and Well Intervention Conference

Petrovskiy A+B Hall, Aerostar Hotel, Moscow

09.00 – 10.00 Registration of participants

09.30 – 10.00 Coffee Reception

10.00–10.20 Opening of the Conference

Opening speech of **Alena Lapatsentava**, General Director of NOV FIDMASH, Primary Sponsor of the Conference

Opening speech of **Konstantin Burdin**, Senior Co-Chair of the Russian Chapter of ICoTA

10.20–11.40 Session 1

Russian coiled tubing market in the frame of Russian and international oilfield service markets. Current status and development prospects. Alexey Kashirskiy, Head of Investigations Direction, RPI

The latest development in the family of ACTIVE technologies. Burdin Konstantin, Ph.D., Domain Champion for Intervention & Diagnostic / Matrix Stimulation and Well Intervention, Schlumberger Russia and Central Asia Area

Case records of coiled tubing technologies application at the fields of Tatarstan. Rubin Ahmetshin, Chief Engineer, Tatneft-AktyubinskRemService, LLC

Latest offers for oilfield service. Combined solutions. Pavel Laktionov, Deputy Director, Head of External Business Activities, Sales and Service Department, FID Group

CT Stimulation of multizone completion systems. Sergei Kovalev, Region Thru-Tubing Product Line Manager, Weatherford

11.40–12.00 Coffee break

15th International Scientific and Practical Coiled Tubing, Hydraulic Fracturing and Well Intervention Conference

EVENTS PROGRAMME

12.00–13.30 Session 2

Modern trends of oilfield service. Offers from the manufacturer. Yuri Belugin, Head of Products Sales and Promotion Department, NOV FIDMASH

Well interventions with CT application in post-frac wells of Samaraneftegas, JSC. A.L. Ablov, Head of CT Department, Packer Service, LLC

Distributed temperature data acquisition during coiled tubing matrix stimulation in carbonate reservoir. Kulinich Nikolay, DESC Engineer, Well Intervention, Schlumberger

Improvement of high viscosity oil production processes and methods of asphalt, resin and paraffin deposits removal with coiled tubing technologies application. A.M. Galimov, Ph.D in Technical Sciences, Head of Department, Bashneft, Bashneft-Dobycha, LLC, NGDU Chekmagushneft

Investment projects in the oil and gas industry. Ruslan Igilov, Commercial Manager, Technostroyleasing, LLC

 **13.30–14.15 Lunch** Brasserie Erte Restaurant, 4th floor

14.15–16.00 Session 3

Technology of deep penetration filtration channels creation. Dmitriy Tretjakov, Lead Design Engineer, RUP PO Belorusneft

Presentation of gas separating device during frac ports milling after multi-stage fracturing operation. V.V. Litvienko, Head of CT-2 Project, Packer Service, LLC

CT application for manipulation with MSF sleeves completions. Konstantin Basanov, WI Sales Manager, Schlumberger

Technologies of multi-stage frac ports milling and bottomhole cleaning during well intervention with logging cable utilization. A.A. Toporkov, Business Development manager, Welltec Oilfield Services, LLC (Rus)

Use of Mongoose multi-stage Unlimited system. Marcel Bos, General Manager, CT Department, EWS, LLC (together with Ruspetro, LLC and NCS (Canada))

Development of hydraulic fracturing technologies in terrigenous and carbonate reservoirs of the Republic of Belarus. N.A. Demyanenko, K.V. Mironenko, A.V. Drabkin, D.V. Tkachev, BelNIPINeft, RUP PO Belorusneft

 **16.00–16.20 Coffee break**

16.20–18.00 Session 4

New developments of the I.M. Gubkin RSU of Oil and Gas in the sphere of oil production. Lyubov Magadova, Doctor of Technical Sciences, Director of Research Center «Oilfield Chemistry», professor of the I.M. Gubkin RSU of Oil and Gas

Main development trends of directional drilling assemblies. Sergei Atrushkevich, Chief Design Engineer, First Deputy Director, Novinka, CJSC, FID Group

15th International Scientific and Practical Coiled Tubing, Hydraulic Fracturing and Well Intervention Conference

EVENTS PROGRAMME

The Weight Is Over – a Look at Technical Advances in Lightweight Materials for Coiled Tubing Operations. Ron Clarke, Director at Coiled Tube Resource Management

Unique CT fishing jobs in the wells with abnormal high formation pressure. Dmitry Yanchuk, Well Intervention Engineer, Schlumberger

Experience of EOR equipment implementation. Nikolay Maksimovich, Deputy Head of Pumping Equipment Department, FID Group

Spot fracturing system. Darryl Capner, International Project Manager, NCS Oilfield Services

18.15

Formal evening reception. INTERVENTION TECHNOLOGY AWARD presentation.
Arhangelskoe pavilion, Aerostar Hotel courtyard

October 31, 2014, Friday

Coiled tubing, Hydraulic Fracturing and Well Intervention Conference
Petrovskiy A+B Hall, Aerostar Hotel, Moscow

09.30–10.00 Coffee Reception

10.00–11.40 Session 5

Experience of Carbonate Acidizing in the Challenging Environment of the Volga-Ural region of Russia. Alexey Bairamov, Sales engineer, Well Intervention Department, Schlumberger

Innovations in manufacturing and application of proppants. A.V. Sakulin, Ph.D. in Technical Sciences, V.V. Skurihin, Ph.D. in Technical Sciences, O.S. Kuznetsova, Borovichskiy Refractory Materials Factory, JSC

Application of geophysical technologies at Packer Service, LLC. O.Yu. Saakov, Process Engineer, CT Department, Packer Service, LLC

Application of nitrogen units during CT operations. Konstantin Dubovitskiy, Deputy Director, Production Engineering, NefteHimPromPovolzhje

11.40–12.00 Coffee break

12.00–13.15 Session 6

Improvement of sucker rod pump (SRP) design for increasing of forced production efficiency during EOR operations. V.Yu. Mustafin, Ph.D. student, Ufa State Petroleum Technological University, Engineer at Department of Mechanical Engineering, Bashneft, Bashneft-Dobycha, LLC, NGDU Chekmagushneft

Industrial Opportunities Brought by Modern CTU. Anton Liu, Vice Country Manager, Yantai Jereh Oilfield Services Group Co., Ltd.

15th International Scientific and Practical Coiled Tubing, Hydraulic Fracturing and Well Intervention Conference

EVENTS PROGRAMME

Application of coiled tubing units manufactured by the Russian RGM-Neft-Gas-Service Company at the fields of Russia and near abroad countries. Eugenia Gritsenko, General Director, RGM-Neft-Gas-Service, LLC

Package insurance for the companies of oil and gas sector. Ruslan Igilov, Advisor Director General, Insurance Joint-Stock Company GEFEST, CJSC

13.20–14.10 Round table

HIGH TECHNOLOGY OIL AND GAS SERVICE: TRENDS, MISSIONS AND PROSPECTS

14.10

Conference Closing

14.20 Обед

Brasserie Erte Restaurant, 4th floor

16.00 Departure of participants

Dear colleagues, you are kindly asked to switch off your cell phones or keep them in silent mode during technical sessions.

In order to put a question to a speaker, please raise your hand. Our assistant will come to you and bring the microphone.

Since the program of the Conference is highly topical and only 15 minutes are given for each speaker, you are kindly invited to ask only those questions that are directly connected with the given report. Individual questions can be asked during networking (informal meetings).

Please return back portable simultaneous interpretation systems in the end of Day 1 of the Conference (after the end of Session 4). You will be able take them again before Session 5 of Day 2.

During and after Session 5 (Day 2, October 31) at the reception desk you will be able to get a USB flash drive containing all reports made so far. The reports, distribution of which is prohibited by the authors, will not be included in the final list.

All financial documents will be available for obtainment at the reception desk during coffee and lunch breaks.

Photo book of the Conference will be available through the hyperlink that will be emailed to all the Conference participants.

Abstracts of the main reports made during the Conference will be published in Issue 50 of Coiled Tubing Times Journal.

Please keep your badge with you to get full access to all the Conference events.

The Organizers decline any responsibility for the safety of valuables left unattended in the Conference hall.
