21st

SPE ICoTA European Well Intervention Conference

11th and 12th November 2015, Aberdeen Scotland

Call for Abstracts Deadline 14th August 2015

“The SPE ICoTA European Well Intervention Conference is Europe’s premier forum for exchange and discussion of the latest developments in well intervention and completion techniques.

Now in its 21st year, the conference has matured into an international event which well intervention professionals attend to share knowledge, learn and negotiate business.

I strongly encourage you to share your intervention team’s technology innovations, operational case histories and examples of cost-effective interventions. Please consider submitting an abstract for this year’s conference.

Together, by sharing all our knowledge and experiences, we can push the boundaries of well intervention, ensuring a prosperous future within our industry.

Scott Mitchell, Omega Completion Technology, ICoTA Chair

Presentations will be welcome on relevant topics such as:

- Well Integrity & Abandonment Operations
 - o New technology and innovative solutions
 - o Lightweight rig intervention
 - o Safety innovations
- Intervention Techniques & Technology
 - o Subsea fields
 - o Mature fields
 - o Challenging environments
- Completion Systems
 - o Advances in technology
 - o Thru-tubing drilling
 - o Innovative solutions
- Cost savings

SUBMITTING ABSTRACTS

Operational case studies from the UKCS and other locations are particularly welcome. An abstract - a 200 word summary - of your proposed presentation, should be uploaded on www.rodgerandco.com or submitted to:
